

EDUCATION

- **Pune University** Pune, India
Master's in Computer Science Aug. 2019 – July. 2021
- **Pune University** Pune, India
Bachelor's in Computer Science Aug. 2015 – July. 2017

EXPERIENCE

- **Eyva AI** Remote
Application Engineer Aug. 2024 – Present
 - **Platform Maintenance:** Maintained and redesigned core platform and reports system to v3; contributed to team migration from legacy stack to Next.js framework.
 - **Enterprise Authentication:** Migrated authentication system to Styth for enterprise client onboarding, improving security and enabling B2B features.
 - **Page Development:** Implemented and maintained multiple user-facing pages, including homepage, magazine, reports, products, e-commerce functionality, consumer & social media integration, and many more.
 - **Industry Integration:** Integrated beauty and supplements industries; implemented web crawling and ETL pipelines for major ecommerce stores and markets in the EU, UK, and US. .
 - **Data Architecture:** Designed data schemas for reports module with structured models and relationships.
 - **Feature Development:** Developed features, fixed bugs, and improved platform performance.
- **Medlify** Remote
Senior Software Engineer Jun. 2022 – Jan. 2024
 - **Johnson & Johnson:** Built pharmacy platform integration for JnJ's Versalie; developed reusable E-commerce services for pharmacy setup.
 - **Microservices:** Architected, implemented, and maintained multiple multitenant microservices using NestJS, Kafka, and Redis, scaling to handle over 1M weekly visitors with high performance.
 - **Authentication:** Designed and implemented authentication flow after researching multiple provider options.
 - **DevOps & Leadership:** Set up robust CI/CD pipelines, led weekly stand-up meetings, and participated in backend architecture brainstorming sessions.
 - **Platform Development:** Created 'Shopify for Pharmacies' platform with microservices and microfrontend architecture.
- **Vertrical** Remote
Software Engineer Mar. 2021 – May. 2022
 - **Mark Cuban Cost Plus Drugs:** Contributed to 3-month product launch and maintenance, optimized frontend development and system integration, achieving 6M visits and 200K sign-ups in first month.
 - **Optum:** Built multiple user-facing pages and implemented auto-refill feature for Prescription Manager.
 - **User Data Management:** Managed sensitive user personal and health information with secure checkout flows.
 - **Quality Assurance:** Implemented E2E testing using Cypress with regression and smoke tests.
 - **Content Management:** Managed product catalog via Plytix and static content via Contentful.
 - **System Integration:** Integrated frontend systems with backend services and fixed production defects.

PROGRAMMING SKILLS

- **Languages / Frameworks:** JavaScript, TypeScript, Python, Java, React, Next.js, Koa, Gatsby
- **Backend:** Node.js, NestJS, Spring Boot, Spring Framework, Express, Kafka, Redis
- **Database:** MySQL, PostgreSQL, MongoDB
- **Infra / Monitoring:** Docker, PostHog, Sentry, Mezmo, RDS, S3, Contentful, Sanity
- **Testing:** Jest, Cypress, RTL
- **UI / UX:** Tailwind, CSS, SCSS, Styled Components
